Key features for EGC3310NOK - Cooking

[▲ Back to top](#)

Wok burner

For high performance cooking our specially designed wok burner provides maximum heat enabling you to create authentic stir-fries.

Automatic ignition

Push and turn the control knob and the flame ignites.

Precision heat control for the most delicious results

For precision control, the rotary control on this hob enable you to quickly and accurately adjust the temperature to exactly the right setting. High quality knob provides high heat resistance and durability.

Safety guaranteed thanks to automatic shut-off

If the flame accidentally goes out, the gas is shut off from the source, ensuring perfect safety.

This product comes with

Responsive Hi-Light Cooking Zones

Cast iron wok support

Automatic integrated ignition for easy operation

Stable and durable cast iron trivet, for professional appearance

Gas on glass is a great design feature and easier to keep clean

Gas safety thermocouples

High quality knob with high heat resistance and durability
