## Key features for EFL12680BX - Cooking

[▲ Back to top](#)

### Easy Cleaning

This cooker hood uses perimetral aspiration to whisk away odours with great efficiency.

### A smooth way to select the extraction rate and light level

These touch electronic controls give you the smoothest way to select the right extraction speed. What's more, you can also use them to adjust the light levels. [Read more](#)

### Always know exactly when to change the filter

Thanks to this cooker hood's time-to-change indicator, you will always know exactly when to change the filter. That way, your hood is always super effective. [Read more](#)

### Fresh air, low energy use, and low noise

Thanks to its professional InverterTechnology motor, this cooker hood does more than freshening up your kitchen; it also uses energy efficiently, and is super quiet. [Read more](#)

### Clean the air in your kitchen without lifting a finger

Whatever you're cooking, this cooker hood ensures the air in your kitchen is always fresh. Its sensor technology detects vapours and switches the cooker hood on for you. [Read more](#)

### This product comes with
